RECREATION

Elsewhere in this issue you will find the news of the formation of a "Recreational Program Steering Committee". We would like also to draw your attention to an advertisement in this issue announcing a supper meeting in the Legion Hall, where Mr. Keith Everitt, M.L.A. for our district, will be the guest speaker on the topic "recreational grants". More and more citizens of St. Albert and District are realizing now that our Town and District need a well organized and planned all embracing community recreation program which will provide our children and adults constructive and healthful recreational activities, all for a good use of leisure time.

WHAT IS RECREATION?

Recreation is so closely associated with all kinds of human endeavor that it is almost impossible to tell where it begins and ends. It is pleasure, relaxation, and the satisfaction that it brings to the participant. It is a release from boredom, sometimes a release of emotional tension, the forgetting of one's worries and also an excellent preventive of delinquency and a pleasant opportunity for character development. Even eating and sleeping can provide a certain measure of recreation to those individuals who find them so. Where is the beginning and the end? To make it clear, recreation is not providing sport only, which it is quite generally thought to be. It also is certainly not the provision of arts and crafts alone, because we all need, once in a while, some physical training for good and healthy bodies. Recreation is a harmonious bringing together, with neither dominating, of body and spirit as an unbreakable unit. This is the principal basis of a good community recreational program. This means that a

Recreation continued from page 1

good Recreational Director must be experienced in both fields, serving both fields with all his heart. Without such a Recreational Director, the recreation program is doomed from the start, because one group must necessarily prosper at the expense of the other.

For us, as citizens of St. Albert and District, the individual's recreation is not at the moment our problem. We are interested in a solid COMMUNITY RECREATION PROGRAM, for St. Albert and District under the wings of a permanent, all-round Community Recreation Director. This will cost money. To hire a Recreation Director who is only a sports director, or a cultural leader, for less salary is a sheer waste of money. It is up to the St. Albert Town Council to know the feelings of our citizens regarding a community recreational program. Therefore, the Recreational Survey will be held in St. Albert and district during the month of September, and will be organized by the newly formed Recreational Program Steering Committee.

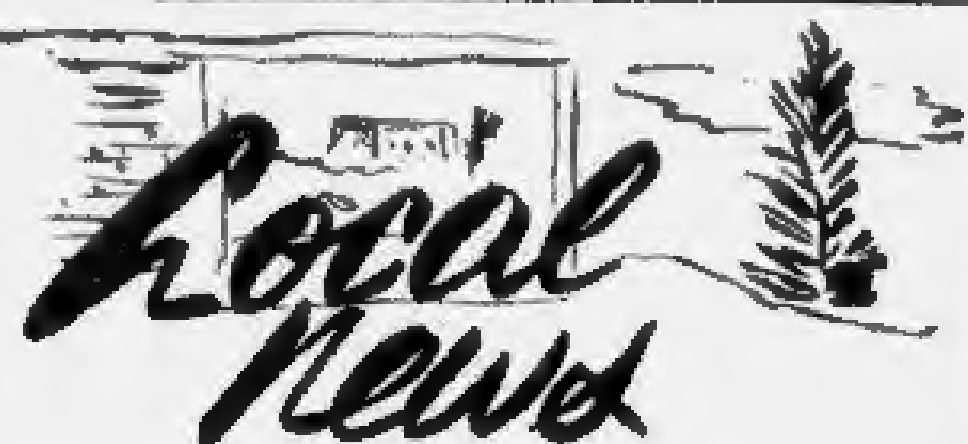

The interests of St. Albert and District are close together because the more people who are standing behind such a recreational program, the more money will become available. Those of our citizens who have noticed that so many children of our town had to play on the streets during the summer months instead of being able to play on a play ground, will be convinced that something has to be done in our fast growing community to solve this problem.

We sincerely hope that the reaction of all our citizens in St. Albert and District as shown in the survey, will not leave our Council with any doubt that the time is more than ripe to have our Community Recreational Program. We only wonder what would happen if less than a majority of our citizens are in favour of such a program. Could this have the result that our Council would not be interested further in appointing a Recreation Director? This would be fatal for St. Albert and District, because the need for good and healthful recreation in our Town and District is as important as for good medical service. We would like to call upon all our recreationally-minded citizens to inform all their friends and neighbours that St. Albert needs an official recreational program sponsored by the Town of St. Albert, because we like to bring up our youth in the cleanest and most healthy community atmosphere possible.

GOVERNMENT RECREATIONAL GRANTS

Premier Manning announced on August 14, 1958, a five year plan to assist communities other than the two major cities of Alberta, in acquiring recreational facilities which would make these communities more attractive places in which to live. This Government recreational facilities assistance is to be distrib-

uted to hamlets, villages, towns and cities as a grant based upon \$10.00 per capita for all communities over 100 population. St. Albert is eligible for around \$20,000. based upon the population in 1958. It would be interesting to find out if neighbouring communities or hamlets are willing to bring their money in major recreational projects jointly with St. Albert. The government will give consideration to such joint plans. Our Recreational Committee could probably contact such points in the district surrounding St. Albert.

Besides this recreational facilities grant (we would like to repeat, this money is only to be used for facilities) the Government is also giving grants towards the construction of a swimming pool, not to exceed \$7,000. Since more and more taxpayers in St. Albert and District are convinced that a swimming pool should be the first project for a long range recreation program, it would be interesting to know if the Facilities Grant of \$20,000. plus the Swimming Pool Grant of \$7,000. could become the nucleus of funds for the building of a St. Albert Swimming Pool as soon as possible.

RECREATIONAL SURVEY

PROGRESS REPORT ON RECREATIONAL SURVEY
By E. Martyne and D. Barry, Public
Relations Chairmen.

The close of the meeting, called by Mr. Lorne Wood on August 15, 1962, saw the formation of a recreational Program Steering Committee. This committee will operate under the Town Council and will report its findings directly to the Council. The committee, as was reported earlier, is composed of: Chairman, Wm. A. Penrose, 599-7289
Secretary-Treasurer, Mrs. W. Ryks, 599-7042

Public Relations and Publicity,
E. Martyne
E. Martyna 599-6403, D. Barry 599-7192
Mechanics, A. Bradley 599-6817 and
T. Wenness 599-6142
Personnel, B. Ford 599-6517, G. Walker
599-6392
Advisor, Lorne Wood 623-1249
The committee held its first meeting in

the council chambers in the Town Hall, at which preliminary steps in the organization of the survey were discussed. Also an attempt was made at determining the terms of reference of the committee as a whole and of the individual members of the committee. The distinguishing features were drawn up along these lines:

The Chairman will be the directional head of the committee, overseeing and bringing together into a composite whole, the results of the various committee members.

The Secretary-Treasurer, besides fulfilling the regular duties of a Secretary, will be handling the many business arrangements which will be made necessary if the survey is to be a success. The Public Relations and Publicity will

Survey
continued from page 3

handle all the publicity and will attempt to keep the citizens informed as to the workings and advances the committee is making.

The Mechanics will be responsible for drawing up the questionnaire to suit the needs and wants of the town. They will also compile and tabulate the results of the survey.

The personnel will divide the town into areas or blocks; from this information they will appoint block captains and after initial training, they will recruit the rest of the volunteers. They will then give the final phase of the training - by this time the survey week will have been reached.

The Advisor, Mr. Woods, being familiar with all aspects of the survey will act as advisor to the committee, giving his aid where it may be needed.

The terms of reference that the committee would be working under, basically, are that the survey would be compiled and tabulated then combined with the preliminary steps taken by Mr. Lorne Wood. From this, a report, and any recommendations the committee deems necessary, will be presented to Council for study. This it is hoped will lead to appropriate action.

The committee would like to have it understood that the survey is not only for the citizens of St. Albert as a block, but also for the people of the surrounding district. However, these people will have to come to survey headquarters which will be set up in the basement of the community hall, as it would be very difficult to cover them

in the survey. Telephone numbers to headquarters will be published at a later date, and a secretary will be on duty during survey week - 17th to 21st of September.

Information can be obtained by phoning the appropriate committee members.

GOVERNOR RECEIVES AWARD

A highlight of the last meeting of the St. Albert Lions Club was the presentation to past District Governor Hector Arseneau of a 100% District Governor's Award for outstanding service to the District and to Lions International. The award, consisting of a diamond studded medallion, bearing the emblem of Lions International, was sent to Mr. Arseneau by the President of the International body with the request that it be presented by the President of the local club. Dr. W.D. Cuts, St. Albert President, therefore took great pleasure in presenting the award. Mr. Arseneau has indeed given signal service to the Club in his capacity as Governor of District 37B. He has also received notification that he has been selected as an International Counsellor. Mr. Arseneau, in accepting the honor, commented that while it was to some extent a personal one, it was even more a recognition of the work of the individual clubs and officers in the District, as without their conscientious work, and particularly the work in compiling the necessary reports for the International organization by the Secretaries, the award would not have been made. He therefore took pleasure in making a pre-

sentation of the District Governor's Appreciation Award to Dick Kehling, last year's local Club secretary. In the general business of the meeting, the representatives at the Recreation Meeting last week reported, and ten members volunteered to take part in the house to house survey planned for September.

It was announced that the Canadian Association of Lions Club would hold its annual meeting in Edmonton at the Norwood Legion Hall on Sunday, the 26th, starting at 10:00 a.m. It is expected that a very strong contingent of St. Albert members will join representatives from all across Canada for that gathering.

The Park committee reported that the wading pool, swings and other playground apparatus has been installed in the Lions Park and is highly appreciated by the younger set. Plans for further development of the Park are under way.

SILVER MEDAL

Margot Ostergard of St. Albert has just been notified by the Royal Conservatory of Music in Toronto, that she has won the Silver Medal for Speech Art in a recent examination. She, with one other, received a mark of 85, which was the highest of the province. It will be awarded in the fall.

VISITORS FROM MONTREAL

Mr. and Mrs. Hector Arseneau have entertained as house guests recently, Mr and Mrs. Wm. Ingram of Dorval, Que., who are visiting Western Canada for the first time. They have been to Vancouver and Victoria with a visit to Seattle thrown in, and also have been to Lake Louise, Jasper and Banff.

ST. ALBERT 4-H CLUB

The awards for Calves were: 1st Bill Paul, Namac; 2nd Leo Ferbey, Bon Accord; 3rd Linda Paul, Namac and 4th Douglas Dean, RRS Edmonton.

Bill Paul won the Showmanship award, with Audrey Reith of Bon Accord coming second.

Bill Paul also won the Best Grooming award with Richard Eastland of RR6 Edmonton second and Edward Strawnson of Bon Accord third.

In a competition among 12 4H clubs, St. Albert Namac stood third in showing a group of 4 calves. Bill Paul won the Showmanship trophy, followed by Audrey Reith.

GAIL MURRAY

Another in the series of social affairs honoring Miss Gail Murray, a bride-elect of this month, was held Tuesday at the home of Mrs. C. Laderoute. During the course of the evening Mrs. W.D. Cuts, on behalf of the assembled guests, presented Miss Murray with four complete place settings of stainless steel cutlery in a very lovely design. A delicious lunch was served by Mrs. Laderoute and her daughter, Mrs. Dragich, who assisted her. Miss Murray's marriage to Mr. Bernard Curial will take place in the St. Albert Roman Catholic Church on August 31st.

From Our Readers

Dear Editor,

On Thursday and Friday each week of July and August, 40 children from the Father Jan and Vital Grandin Schools were able to take swimming lessons at the Y.M.C.A. in Edmonton because of the kindness of Father G. Chevrier, Mrs. J. Kehoe and Mrs. Koch.

Father Chevrier gladly paid the total cost of the buses used in transportation. Mrs. Kehoe, mother of five small children took the time and effort to completely organize these classes. Mrs. Koch volunteered to supervise the Friday class. Mrs. Kehoe accompanied the Thursday each week. A special thanks to these three community minded people and also to the mothers who volunteered to help supervise each week.

Mrs. Charuk.

Dear Editor,

I noticed with dismay, the ease with which our Mayor and Councillors dispensed with the request for a statement clarifying the removal of Mr. Potter, as representative of the Government, from the former Board of Administrators. This whole question has been dispensed with, without the responsible party being brought to task. We know, from previous articles published in the Gazette, that Mr. K. Everetts M.L.A., reported to Minister Hooke, that he had been informed that Mr. Potter was anti-Catholic. Who was the informer? Who was the accuser?

We also know from Mr. Potter's statement published in the Edmonton Journal recently, that he had named the man responsible. Who was that man? Councillor DeBruijn stated he had no knowledge of any religious feelings in the former Board of Administrators. Of course he hadn't, he is a comparative newcomer to the town. What does his statement add to answering Mr. Green's

query for a statement.

I think our Mayor, who was Chairman of the former Board should make a statement and none of this "I have no comment at this time."

Mr. Potter was not remiss in making a statement. He was not the accuser. He was the one whose character and actions were questioned. His wife was the one who was pestered by "cranks" phoning her. Mr. Potter could back up his statement. It's unfortunate he didn't take legal action, as he originally contemplated, and brought his accuser to task.

I'm sure St. Albert citizens would appreciate a statement from our Mayor or someone who knows the whole story.

I'm disappointed in Council's handling of the whole question.

Disenchanted.

and pearl tiara holding her shoulder length veil of silk. She carried a cascade bouquet of red roses in a Missal. Miss Fiona Melnyk was her sister's maid of honour. Bridesmaids were Miss Alma Vaugeois, Miss Kathie Hickey, Miss Faye Bodner and Miss Sharon Jholowsky. The attendants wore dresses of aqua crystal charms with organza overskirts and matching veil headpieces. They carried baskets of yellow roses. The flower girl was Karen Melnyk.

The groom was attended by Messrs. Roland Vaugeois, Lorne Melnyk, Martin Jareon, Robert Kennedy and John Van Heisen. The ring bearer was Jean-Paul Vaugeois. Guests were ushered by Bryan Melnyk and Jacques Vaugeois. The soloist was Miss Micheline Rene of Three Rivers, P.Q. Organist was Rev. Sister St. Joseph. Following the ceremony, a reception was held in the Calder Hall, where Dr. Davis proposed the toast to the bride. After a wedding trip to Waterton National Park, Mr. & Mrs. Vaugeois will reside in Edmonton.

CURIAL - MURRAY

Friday, August 31st saw the marriage of Miss Gail Ann Murray, daughter of Mr. and Mrs. R.D. Murray, and Bernard Emmanuel Curial, son of Mr. & Mrs. Marcel Curial, all of St. Albert, take place in the St. Albert Roman Catholic Church. Reverend Father M. McMahon, OMI, officiated. The church was decorated with bouquets of white, pink and yellow gladioli. Soloist for the occasion was Mrs. Leon Tellier, with Rev. Sister St. Joseph at the organ.

The bride, who was given in marriage by her father, wore an original model floor length gown of pure silk organza, the neckline and skirt of which were appliqued with Swiss re-embroidered lace. It had three quarter length sleeves and batteau neckline, with a full bustle back, gathered to half bow and streamer over appliqued floating panel. A double miniature crown of seed pearls held a four tiered veil of French Illusion net. She carried red roses and stephanotis.

The bride was attended by the Misses Joyce Mitchell, Christiane Curial and Diana Murray, who wore identical gowns of waltz length French blue organza with bodices and skirts appliqued with French lace. They had three quarter sleeves and batteau necklines, with bell skirts caught with small bows at the hemline. They carried crescent shaped hand bouquets of apple blossoms, offset with touches of blue. Flower girl was Lorna Jean Dufva, who wore a dress of French blue organza, matching those of the bridesmaids. She carried a basket of multi colored flowers. Kendall McConkey was the ring bearer. Groomsmen were George Maricos, David Iseke, Allan Rutz, and ushers were Gaston Curial, Guy Joulin, Robert Tucker and Bernell Schierman.

At the reception, held in the Club Mocambo, the Master of Ceremonies was Gaston Curial. Toast to the Bride was given by Mr. Henry Rutz.

For their trip to the Okanagan Valley and western points, the bride chose a two piece, pure silk linen suit, complemented by black patent accessories with red rose corsage.

***** WOODEN * SHOES

Ph: 599 - 7187

On their return, Mr. & Mrs. Curial will reside in Jasper Place. Out of town guests were present from Los Angeles, Vancouver, Ottawa, Regina, Hanna, Ponoka, Wetaskiwin and Bashaw.

GILL - BOURGEOIS

A double ring ceremony in the St. Albert Roman Catholic Church united Juane Bourgeois, daughter of Mr. and Mrs. Joffre Bourgeois, and Mr. Larry Gill. Rev. Father Georges Chevrier, OMI, officiated.

For her wedding the bride wore a gown of white silk organza, with the skirt ending in a chapel train. Her chapel length veil was held in place by a little pill-box hat. She carried a cascade bouquet of orchids. Her maid of honour was Miss Madelein Sevigny and her bridesmaid was Miss Margurite Bourgeois, sister of the bride. The attendants wore identical dresses of white chiffon with blue accessories.

A reception was held at the home of the bride's parents, attended by relatives of the happy couple.

Following a wedding trip, Mr. & Mrs. Gill will make their home in Edmonton. For her travelling costume, the bride wore a black suit with blue accessories, complemented by a corsage of pink roses.

FORMER RESIDENT HONORED

From the Regina Leader-Post

Lynn Sumner, Regina, is the outstanding graduate of this year's class at the School of Nursing, University of Saskatchewan, Saskatoon. Miss Sumner was awarded the Gold Medal and the prize for General Proficiency at the school's sixth annual graduation exercises Friday. Miss Sumner will graduate next May with the degree of B.Sc. in Nursing. The ceremony marked the completion of the hospital aspect of training, which is the basis on which students are considered for the award.

(Lynn Sumner is the elder daughter of Mr. & Mrs. H. Sumner, well-known former residents of St. Albert, who now reside in Regina.)

Miss Alice Ross enjoyed a motor trip to Banff and Jasper last weekend.

Second and Third Companies of St. Albert Girl Guides will begin their fall meetings by registration of September 11th at 7:00 p.m. in the Parish Hall of the St. Albert Roman Catholic Church.

TEEN CLUB "GET AQUANTED" DANCE

Members of the St. Albert Teen Club are planning a dance to be held in the Legion Hall on Saturday, September 8th, from 8:00 to 12:00 p.m. A lot of young people have arrived in St. Albert since the end of school last June, and the purpose of the dance is to give them a chance to get acquainted with teen agers in St. Albert. Several adults will be present and a really hearty welcome awaits the newcomers.

R.C.M.P. CONSTABLE A VISITOR

A recent visitor to St. Albert was Const. E. Lehowski of the R.C.M.P. He was stationed here prior to a year ago when he was transferred to Edmonton and later, to Montreal. Mrs. Lehowski visited friends in other parts of the Province.

BE CAREFUL WHAT YOU SOW!

We saw a somewhat surprising sight the other day in the neighborhood. Someone prepared a lawn with loving care, first the black earth, then careful levelling and raking. Then he must have sowed it equally carefully, and watered it well, for he grew an excellent crop. There was only one trouble — it wasn't grass that came up, but cauliflower. Have we discovered in our midst some strange mutation, due no doubt, to excessive radiation?

VISIT BADLANDS

Miss Alice Ross with two other ladies, spent a most interesting holiday trip

in the badlands of the Red Deer River, not far from Drumheller. They particularly enjoyed the famous little Church by the Wayside, and the weird hoodoos, and of course, the "dinosaur" country with its fossil formations.

BOK - HOBSON

A quiet wedding was solemnized in the St. Albert United Church Saturday when Miss Kathleen M. Hobson, a member of the Edmonton Public School teaching staff became the bride of Mr. Jan H. Bok, a City of Edmonton Police Constable. Attending the couple were Mr. Ralf Bok, younger brother of the groom and Miss Stella Gosh. Rev. Dr. E.R. Schwartz, minister of the Church, performed the ceremony. For her wedding the bride chose a cream coloured cocktail length gown and carried red roses and white shastas. The couple will reside in Edmonton.

New Development Plans

Sturgeon Valley Development Ltd. has been incorporated recently. This company, which is associated with Atlas Finance and Realty Corporation of Calgary (one of the largest land-holding corporations in western Canada), will be headed by Mr. Gordon A. Parkes, former Secretary-Manager of the Town of St. Albert. Mr. Parkes will be joined by Mr. Richard Kehling, who will act as the company's engineer. Mr. Hymie Singer, president of Atlas Finance, was one of the first men to realize the great potential growth of St. Albert, and in Mr. Parkes long association with

him he has a tremendous source of encouragement with his great confidence in the development of the Town. Sturgeon Valley Development will act in the capacity as the development company for Atlas Finance who have under their control at the present time, some 750 acres in St. Albert that are scheduled for development into subdivisions containing single residential lots, multiple housing, apartments and shopping facilities. Development of this land will conform very closely to the evolving general plan of St. Albert, as planned by the Edmonton and District Planning Commission, and approved by the Town.

Application to Town Council for a development permit for the first stage of development, which will make some 200 residential lots available to builders, is in the area immediately adjacent to the Sir Alexander Mackenzie School, and includes the site for the new High School with the St. Albert Protestant Separate School District plans to build, will be made in the very near future. The Separate School Board has indicated that construction of the High School should commence in the latter part of October, and the development schedule is being geared to meet this date to ensure that the school building program may proceed without any delay.

TB CLINIC

TB CLINIC TO VISIT ST. ALBERT IN FALL
Sponsored locally by the St. Albert Volunteer Organizations, the Mobile TB Chest X-Ray Unit will visit St. Albert and district in the near future. The cost of staffing and operating the Mobile X-Ray Units is borne equally by the Provincial Government and the Alberta Tuberculosis Association. The X-Ray equipment and vehicle are supplied to the Government by the Alberta Tuberculosis Association out of the proceeds from the sale of Christmas Seals.

Mr. C. B. Pugh, Director of X-Ray Surveys, has been in the district making preliminary arrangements for the mass chest x-ray survey. A house-to-house canvass will be conducted this week to register every family in St. Albert and community. All persons four years of age and up, will be included in this registration, except the school children, who will have their Chest X-Rays as a group.

In charge of the program in St. Albert are: Mr. W. Blackie, General Chairman, Mrs. J. H. Arseneau, Advance Registration Chairman, Mr. Austin Bradley, Clinic Appointment Chairman, Mr. Ken Wright, Publicity Chairman, and Mrs. Neil Ross, Volunteer Help Chairman.

Drama Seminar

Mrs. Kathleen Boulter & Mr. Doug Ingle, members of the St. Albert on Sturgeon Players, recently attended a week-long drama seminar at Olds, Alberta. From 9:00 a.m. to 9:00 p.m. they were kept busy, learning new methods of speech, projection and movements for the stage. Their instructors, Dr. Hodge and Mr. Ajello, both very talented and learned men, instilled enthusiasm in all of the forty-five men, women and teenaged boys and girls attending. Besides attending classes daily, they also spent their spare time studying lines for a short scene from "The Man who Came to Dinner" which was put on Friday night. Mrs. Boulter directed, with Mr. Ingle and one of the teen age girls acting. The session wound up Saturday night with a banquet to which guests were invited. To show the guests how hard they worked, they even had a one hour class after the banquet! Everyone who attended hopes to be able to return next year when it may possibly be extended to two weeks. Several other members of the St. Albert group have expressed interest in attending also. In the meantime, Mrs. Boulter and Mr. Ingle hope to plan a series of workshop or lecture programs, in order to pass along the knowledge they gained this year.

Orioles

St. Albert Orioles will resume practices for the winter season on Sunday, September 9, at one p.m. in the Community Hall. All former members will be welcome and some new members will be admitted. Those wishing to join the choir should be in Grade III to Grade VI, and new members' voices will be tested before they are admitted. This testing will take place also on Sunday, September 9, between 1 and 2 p.m. Former members wishing to remain with the choir and who are unable to attend on this date, should give in their names to Mrs. Kennedy as soon as possible. A number

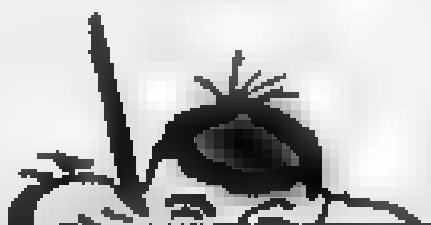

of opportunities for the children to have already been arranged, and a very interesting season is expected.

Music Society

At a recent meeting of the executive of the St. Albert Music Society, it was agreed to continue the project of promoting an interest in good music. The Society will sponsor monthly concerts by available groups and talents. The first concert will be held in mid-September, and will be given by the Edmonton Clarinette Quartet, and possibly another prominent ethnic group. The time and place will be announced later. We trust a large audience will attend and enjoy the performance of these skilled players.

The Executive of the St. Albert Music Society are: Mr. P. Wennes, Chairman, Mrs. Andrew Kennedy, Mrs. W.D. Cate, Vice-Presidents, Mrs. W. Metelenboe, Public Relations, Miss Marie Wolniewicz Secretary, and Mrs. A. Mikelsens, Programming.

The St. Albert Music Society is open for everybody. For more information, please phone the secretary, Miss Marie Wolniewicz, at 599-6938.

From Our Readers

continued from page 5

Dear Editor,

Coming to St. Albert a year ago from a school where the subject of children's attire is not even under discussion, my family was well supplied with blue denim which seems to be the accepted and practical material for boys' wear everywhere. As a matter of fact, in some Edmonton schools, a child actually feels uncomfortable and "different" in anything else.

It was with disbelief that I heard the dictum of my younger son when he began school here in St. Albert. "Tommy, we're not supposed to wear blue jeans or tee shirts." I hid my wonderment with an unconcerned, "Fine. You may wear something else." But I sought from the authorities an answer to a very simple question and still have not received satisfaction. "Why?"

I feel sure the intentions of the school board are sincere, but the emphasis is misplaced. What earthly difference can the color of the denim (I am careful, now, to choose brown denim and let the blue waste on the shelves) make to the character of the child?

His trousers may not be blue jeans. They may be green jeans or grey jeans, or pink, or red, or purple. They may not be blue jeans. They may be blue serge, or blue cord, or blue gingham, or blue chiffon, but they may not be blue jeans. They may be older, or thinner, or shorter, or dirtier. They may be too small, or too large, or full of holes. But they may not be blue jeans. For only the latter offense could result in a session with the principal, or expulsion from school. What kind of rationalizing is this? We might just as effectively abolish blue underclothing as abolish blue jeans. We may just as well attempt to raise the moral tenor of our community as a whole by outlawing all blue paint from the houses of our fair town, or all the blue sun umbrellas or all the blue cars. Or insist that all the flower gardens boast bachelor buttons.

It's not the shirt that goes over a boy's heart that makes him what he is. It's the integrity of the heart that beats under the shirt - whether said shirt has buttons or not. It's not the trousers he wears that teaches him right and wrong; for if the guidance he receives happens to be corporal, it will feel the same applied to his posterior through blue denim as it does through brown.

If the wearing of these currently banned garments reflected an attitude of defiance in the youngsters, or identified him with a gang, this legislation would at least be worthy of consideration. But since it reflects only the attitude of the many mothers of this community who do their own laundry, why should such garments be censured?

Furthermore, I believe it could actually be damaging to the child's sense of values to have so much emphasis placed upon his clothing. It could not only undermine his confidence in his parents' judgment, but it could also create a snobishness in his attitude toward those who see nothing offensive in long-wearing, easy-care blue denim.

I would like to see our school board - with due respect to same - concern itself with the issues under its jurisdiction.

tion, such as the provision of adequate school buildings and facilities to accommodate the many blue jeaned children who are descending upon us, and the continued payment of qualified, understating teachers who love their pupils. I would suggest that the clothing of young children be left to the discretion of the parents, who are responsible, to judge ourselves on being a community that upholds a high moral standard. If it is right, let's proclaim it from the house-tops. If it is wrong, let's fight it with all the passion within us. But if it is an inconsequential and irrelevant issue, then why are we wasting our energy discussing it? Let's settle the question of this unnecessary legislation in a mature manner. Let's call for a simple and democratic vote to reveal just how many parents do prefer to let themselves what their children wear.

Perhaps we might suggest that the school board, with washing machines, should finish the job of the parents.

Respectfully,
Loris Harvey

Dear Editor

I am becoming a little more than disgusted at the continual criticism of our Protestant Separate School Board, all brought on by the dress regulation regarding blue jeans. Admittedly, I have no boys and therefore probably do not have the same interest on this subject, but there are also dress regulations regarding girls, and whether or not I am in agreement with them, I do realize (and I know I'm not alone) that a governing body cannot please everyone. However, it is an elected body, and if we are not in agreement with some of their regulations, the time to do something about it is at the next election, and for the present, accept their rulings and stop all this griping which does nothing but bring bad publicity to the town of St. Albert.

In the meantime, instead of all the criticism, why not take time to note some of the good work this same Board has done. Many children have enjoyed attending the "Y" throughout the summer holidays, all arranged by the Board. With school opening next week, think how fortunate we are, as parents, not to have to take time to shop and queue up for hours, trying to buy school books. Not to mention the substantial savings in dollars and cents. I know from my own experience that the Board's policy for use of school buildings, by outside

groups, is one of the most liberal in the province. If you were to visit the new addition at the Sir George Simpson School, I'm sure you could readily see how much time and thought went into this latest project before construction was ever started.

It is my personal belief, that the tremendous amount of good work being done by the Board, in the interest of our children, more than offsets any so called misjudgment they might make. It is so easy to sit back and criticize the other fellow, but in the same position, would we be so perfect.

As an added note Mr. Editor, I believe the 'Blue Jean' episode is no longer news.

Respectfully,
Loris Harvey
(No relation to R. Harvey
Chairman of the Board.)

Editor's Note

We agree with Mrs. Harvey the 'Blue Jean' issue is no longer news. Therefore the discussion is closed.

HOLIDAY IN EUROPE

Mr. & Mrs. J. E. Arseneau accompanied by Mr. & Mrs. Stan Hauptman of Edmonton, left St. Albert on May 28th for Billings, Montana, to attend the District Convention of Lions International from May 29th to June 2nd. They then motored to New York, to board the SS France on June 8th for a perfect 5 days' sailing of calm sea and glorious sunshine on board this gigantic and luxurious newest ocean liner. They arrived in Southampton on June 26 and continued by boat train to London, where they were joined by 25 other Lion delegates and their families from the friendly "you all" states of Virginia, Texas, Tennessee, Florida and North and South Carolinas. The tour, conducted by Thos. Cook and Sons, began with the usual sightseeing of London and vicinity, including Buckingham Palace, Parliament Buildings, Tower of London, Westminster Abbey, Windsor Castle and other points of interest. After five days in London, the group traveled by boat to Amsterdam via the Hook of Holland. One of the pleasant sidelights of their tour, was being met in Amsterdam by Mr. & Mrs. Rudy Dressler, formerly Principal of Sir Alexander Mackenzie School, who had come from Bremen, Germany, to greet them. The Dresslers and the Arseneaus again met in Weisbaden, Germany, several weeks later when the Dresslers were beginning a 2 month tour of Spain, Portugal, Italy and Yugoslavia. They spent a very pleasant day

Holiday in Europe continued from page 12

together sightseeing in this interesting city, in the Dressler's car. After two days visiting the old and modern Amsterdam, the group travelled by air to Nice on the French Riviera where 35,000 roaring Lions from more than 100 countries met for the International Convention, a colorful spectacle which the French people will not soon forget. The sun-drenched setting of the Riviera, a veritable bower of flowers and palm trees, and the blue water of the Mediterranean along the famous Promenade des Anglais, mingled with the multi-colored jackets and paraphernalia of the Lion Clubs from all over the world, together with the dozens of floats, each constructed entirely of fresh flowers in every color of the rainbow, made the famous parade which lasted over three hours, one that cannot possibly be described by words or even pictures. At the Convention, Mr. Arseneau officially stepped down as District Governor of 37B and was succeeded by Virgil Moshansky of Vegreville.

While in Nice, the Hauptmans and the Arseneaus met with Mr. & Mrs. Neil Ross of St. Albert who had started their tour a month earlier and were leaving for home after the Convention.

Following the Convention which lasted four days, the tour travelled through the scenic French and Italian Rivas to Genoa and Como in the Italian Lake District, and then by motor coach to Bergamo, Desenzano on Lake Garda and across North Italy via Verona, Padua to Venice, where they visited the famous St. Mark's Cathedral, the Doge's Palace and other places of interest. In the evening, they naturally as all other tourists do, drifted down the Grand Canal in a gondola following the "Serenades" a famous Venice attraction. A group of singers accompanied by an orchestra, take their places on a large lighter or barge, similar to a pavilion and bright with hundreds of lanterns, which is preceded and followed by drifting gondolas. Solos by famous singers and orchestra pieces are performed, producing an indescribable romantic and poetic effect. This is where Mr. Arseneau was heard to remark: "I'm just about 25 to 30 years too late for this deal".

From Venice they went by train to the beautiful city of Florence, often called "the city of gentlemen", and then again by motor coach through the beautiful hill country of Tuscany and Umbria to the picturesque city of Assisi with the famous Monastery and Basilica of St. Francis perched on top of its terraced hills. From Assisi to Rome, where they spent five wonderful days. They visited the Vatican with its Museum, the Raphael Rooms, the Gallery of the Statues, the Library and the Sistine Chapel, a dazzling sight with its famous paintings and frescoes, the ceiling which Michaelangelo took four years, from 1508 to 1512, lying on his back to do. Twenty-five years later, he began The Last Judgment which covers a complete end wall, and represents six years of work. St. Peter's Basilica, with the High Altar, under the Dome of Michaelangelo, rises over the tomb of St. Peter. Ninety lamps burn day and night before it. The Papal Benediction by Pope John XXIII to the immense tightly packed crowd in St. Peter's Square on Sunday noon, is a privileged experience one cannot soon forget. They also visited the Oblate Fathers Home in Rome and met a few the Canadian Fathers and Brothers. The Capitol; the Colosseum, this immense amphitheatre whose ancient splendour we still admire, was begun in 72 AD and finished in 80 AD; the Roman Forum; the Borghese Gallery and Museum; the Pantheon; the Catacombs, are just a part of all the ancient and historical places visited while in Rome.

From Rome, they left by train via Milan for Lucerne, Switzerland, the "Queen of Swiss Resorts" where they took an excursion by steamer across Lake Lucerne and then by cogwheel railway to the summit of Mt. Pilatus, 7000 feet up, for

a breath-taking view of the High Alps. From there to Wiesbaden, Germany, for a 2 days' stay with a side excursion to the old City of Heidelberg.

On July 7th, they departed for Paris, where they remained six days. While in Paris, the Arseneaus met old friends from Quebec, Mr. & Mrs. Marchand, who are now living in Paris, where Mr. Marchand is European Representative of the Bank of Montreal. In addition to an evening cruise down the River Seine aboard one of the gay observation boats and the traditional visits to the Chateau of Fontainebleau, the Royal Palace of Louis XIV and the beautiful gardens of Versailles, the Cathedral of Chartres and the usual Paris points of interest such as Notre-Dame, Montmartre, Le Louvre, Eiffel Tower, etc., the Arseneaus were guests of the Marchands at off the beaten track nooks and corners, les "caves" restaurants of St. Germain-lez-Pres and night clubs, which added considerably to their enjoyment of gai Paris.

The Hauptmans left the party in Paris and flew to Cairo for an extended trip to the Middle East, Austria and Poland, and are expected to return to Edmonton in early September.

Twenty-nine members of the tour had booked passage on the SS France for July 12th, but due to a strike, sailing was postponed for four or more days, so on July 13th, some of the group, including Mr. & Mrs. Arseneau, managed to secure passage on a TWA Jet to New York and arrived in the afternoon of the same day.

From New York, where they had left their car, they motored to Montreal, where they spent ten days visiting friends and relatives, then on to Toronto and Timmins, Ontario to visit a sister and brother. They made a side trip to Niagara Falls before starting back home via the Trans Canada Highway. One being asked their impressions of the different countries they visited, and the places they liked and enjoyed most, they stated that it is impossible to judge a country and its people just passing through for a few days. Each country is so totally different, with so many varied, interesting and exciting features. London, for instance, thoroughly fascinated them with its beautiful parks, the River Thames on which they took an excursion, the adjoining Kew Gardens, the peaceful English countryside. Amsterdam, with its canals and art museum, its friendly people and its famous diamond factory. Italy, with its Alps foothills villages, flowers and vineyards. Nice, Monte Carlo, Cannes, Juan les Pins, etc. with their "I'm rubbing elbows with the millionaires and famous people" feeling. The part of Germany visited, with its rather stern but friendly and polite people, the River Rhine and its sur-

Holiday in Europe *continued from page 13*

prisingly prosperous looking villages and cities, such as Wiesbaden. Switzerland, with its wondrous scenic beauty and its gay, carefree, hospitable people. Paris, of course. What can one say about Paris that hasn't been said a million times before. Rome and the Vatican, which an excerpt taken from a book purchased, expresses so clearly what most visitors to this famous city feel: "A visitor, who comes here for the first time finds himself at last where he has so often been before in fancy's dream, standing in the streets of Rome! The modern city has no lack of attractive objects: majestic basilicas, solemn churches, stately palaces and the noblest monuments of art. But it is the past which attracts him far more. The Rome of centuries ago irresistibly rises before his mind! Everywhere he encounters some relic of the past: a mouldering pile, a ruined arch, a broken pillar, a mutilated statue. Into these stones have passed all the tempests of the human spirit, and in seeing them, he feels in heart and brain, the immense effort it has cost the ages to create the modern spirit in which we breathe and live! By these stones, he is reminded that here Emperors have risen and fallen, and he finds in Rome the greatest events in the history of the world, in the history of art, religion and humanity". So much historical data was heard, so much seen, that it is impossible to retain it all, and so the Arseneaus intend to retour and relive their trip by reading the many books they purchased of every place they visited, in the comfort of their own arm chairs, during the long winter months.

BE CAREFUL !!!

Sen Rosnau, of Bruderheim, Alberta, President of the Alberta Fish and Game

Association, has issued an appeal to all hunters to be careful with fire this fall while out hunting. Mr. Rosnau, in a statement issued to the press says: "On behalf of the Alberta Fish and Game Association, I appeal to hunters to do all in their power to eliminate the danger of fire in our forests and on the prairies during the upcoming hunting season. We in Alberta were fortunate this summer in that sufficient rain fell to lower the fire hazard; however, normal fall weather will see dry periods and a resultant increased fire hazard. Fires due to natural causes are tragic enough, but more tragic are those which are due to human carelessness. Good sportsmen handle fire with respect and I urge all hunters to do their part in preventing fires. Forests which have taken hundreds of years to grow may be destroyed in a few days as the result of a single careless act, taking with it a heavy toll in habitat, without which our fish and wildlife cannot exist."

Mr. Rosnau also cautions hunters seeking antelope in the southeastern prairie region to be careful with their campfires and while smoking. Prairie fires usually run for miles before they can be effectively stopped.

SABIN VACCINE

PRESS RELEASE ON SABIN VACCINE

The Honourable Dr. J. Donovan Ross, Alberta's Minister of Health recently announced details of his Department's program for the use of Sabin oral polio virus vaccine.

Following the recommendations of an advisory committee which was established last March, the Department has been planning a mass immunization program which will be carried out by City Health Departments and Health Units throughout the Province.

The vaccine will be offered to everyone in the population over three months of age. Dr. Ross explained that infants below this age are unable to respond to

the vaccine by developing the antibodies which are necessary for immunity. All those who participate in the program will be invited to take at least two doses of Sabin vaccine, while those who have not yet completed a course of three inoculations of Salk vaccine will be urged to return for a third dose of the oral vaccine.

The first feeding of Sabin vaccine is scheduled to begin on the 19th of November, 1962. Dr. Ross explained that the seasonal prevalence of certain viruses prior to the middle of November might interfere with the development of good immunity.

Subsequent feedings are scheduled to begin on the 14th of January, 1963 and the 11th of March, 1963. Each round of feeding is expected to take two weeks to complete, and there will be a six weeks' interval between the end of one round and the beginning of the next. The oral vaccine, developed by Dr. Albert Sabin of Cincinnati, is composed of living polioviruses which have been deprived in the laboratory of their ability to cause paralytic poliomyelitis. When swallowed, the vaccine produces a symptomless infection which leaves the individual protected against subsequent attack by virulent polioviruses. By contrast, Salk vaccine consists of killed polioviruses, and is effective only when injected.

METRO STUDENTS TO GRADUATE WITH RCAF

Some high school students earn clothing money during vacations, some have a change of environment and others continue studying, but for 125 students of Metropolitan Edmonton all three of these ventures have been possible this summer. As members of the RCAF Auxiliary, the students have received intensive training for two months at RCAF Station Namao where they will hold a Graduation parade on Sunday afternoon. The largest group of trainees in Canada operating under the RCAF Auxiliary Trades Training summer camp program, the local students have the distinction of being the only group to have trainees living as airmen on an RCAF unit. Fifty-four first-year male trainees are living in barracks at Namao. Eleven airwomen live at home as do 60 second-year trainees. The airmen are 16 years of age or older while the girls are not enrolled until they reach their eighteenth birthdays.

Trainees are divided into two groups: mechanical and clerical tradesmen. First year students have been given drill and disciplinary training as well.

Airno Students continued from page 14

as trades training. Enlisted as Aircraftmen, Second Class, first year students receive full clothing and pay of \$108.00 per month. Trainees are permitted to draw only \$25.00 at each pay parade so that they have a 'nest egg' of approximately \$150.00 at the end of the summer. The airwomen living at home are given subsistence allowance of \$65.00 per month.

About half of the first year trainees have been trained as mechanics (Air), taking training in aero-engines, instruments, electrical systems, airframes and safety equipment. The clerical group has been taught supply and accounting procedures, typing and other office duties. The most popular item on the syllabus of training for first year students was a familiarization flight in a C119 'Flying Boxcar'. Second year airmen and airwomen have spent a year with 418 (Aux) 'City of Edmonton' Squadron. They joined 18 Wing (Aux) Summer Camp at Trenton, Ontario, during the last two weeks of July for practical training and have been receiving advanced instruction in their trades at the Technical Training Unit (TTU). Most of the second year students have attained the classification of Aircraftman First Class, Group 1, which enables them to earn \$192.00 per month, including the living-out allowance. A full recreational program has been conducted at the TTU including instructional swimming in which students qualify for Red Cross Swimming certificates. The ninth annual camp here is under the direction of Squadron Leader Ian M. Nicholl, Commanding Officer 3054 Technical Training Unit. He is assisted by Squadron Leader S.E. "Betty" Murray, Personnel Administrative Officer. Six

Regular Force airmen serve as instructors. Squadron Leader Murray is the first female officer of the RCAF Auxiliary to achieve senior officer rank. The parents and distinguished visitors have been invited to Sunday's Graduation Parade at which Group Captain W.K. Carr, Commanding Officer, RCAF Station Namao, will take the salute. His Worship Mayor Elmer E. Roper will head a group of government, high school superintendents and high school principals who have been invited.

Following Sunday's parade, those students who have been trained as mechanics (Air) will be posted to 418 (Aux) Squadron where they will assist in aircraft maintenance throughout the year. The clerks will be posted for service in the various units of 18 Wing (Aux). The auxiliary units parade on Thursday evenings and Sunday afternoons beginning Thursday, September 6.

QUICK 'N EASY

Please send us some of your favourite recipes. We're running low on Quick 'n Easies. Maybe you'd rather send us a few favourite pickle recipes, this being the pickling season. Anyway let us hear from you.

"MULLIGAN"

1 lb ground beef
2 Tbsp salad oil
1 15 oz can mixed carrots & peas (or cooked fresh vegetables)
2 Tbsp Minced Onion (prepared) or one finely cut medium sized onion
Salt, Pepper, Worcester Sauce and Barbeque Seasoning (if you like it)

Brown meat in hot pan with salad oil. When pink has disappeared, add water to cover and minced onion, salt and pepper. Transfer to heavy sauce pan with cover and simmer for $\frac{1}{2}$ of an hour. Heat vegetables and add. When bubbling, add flour thickening. Just before serving add Worcester Sauce and barbeque season. This is very nice served over cooked rice, noodles or spaghetti.

NO "KEYSTONE COP" THIS.

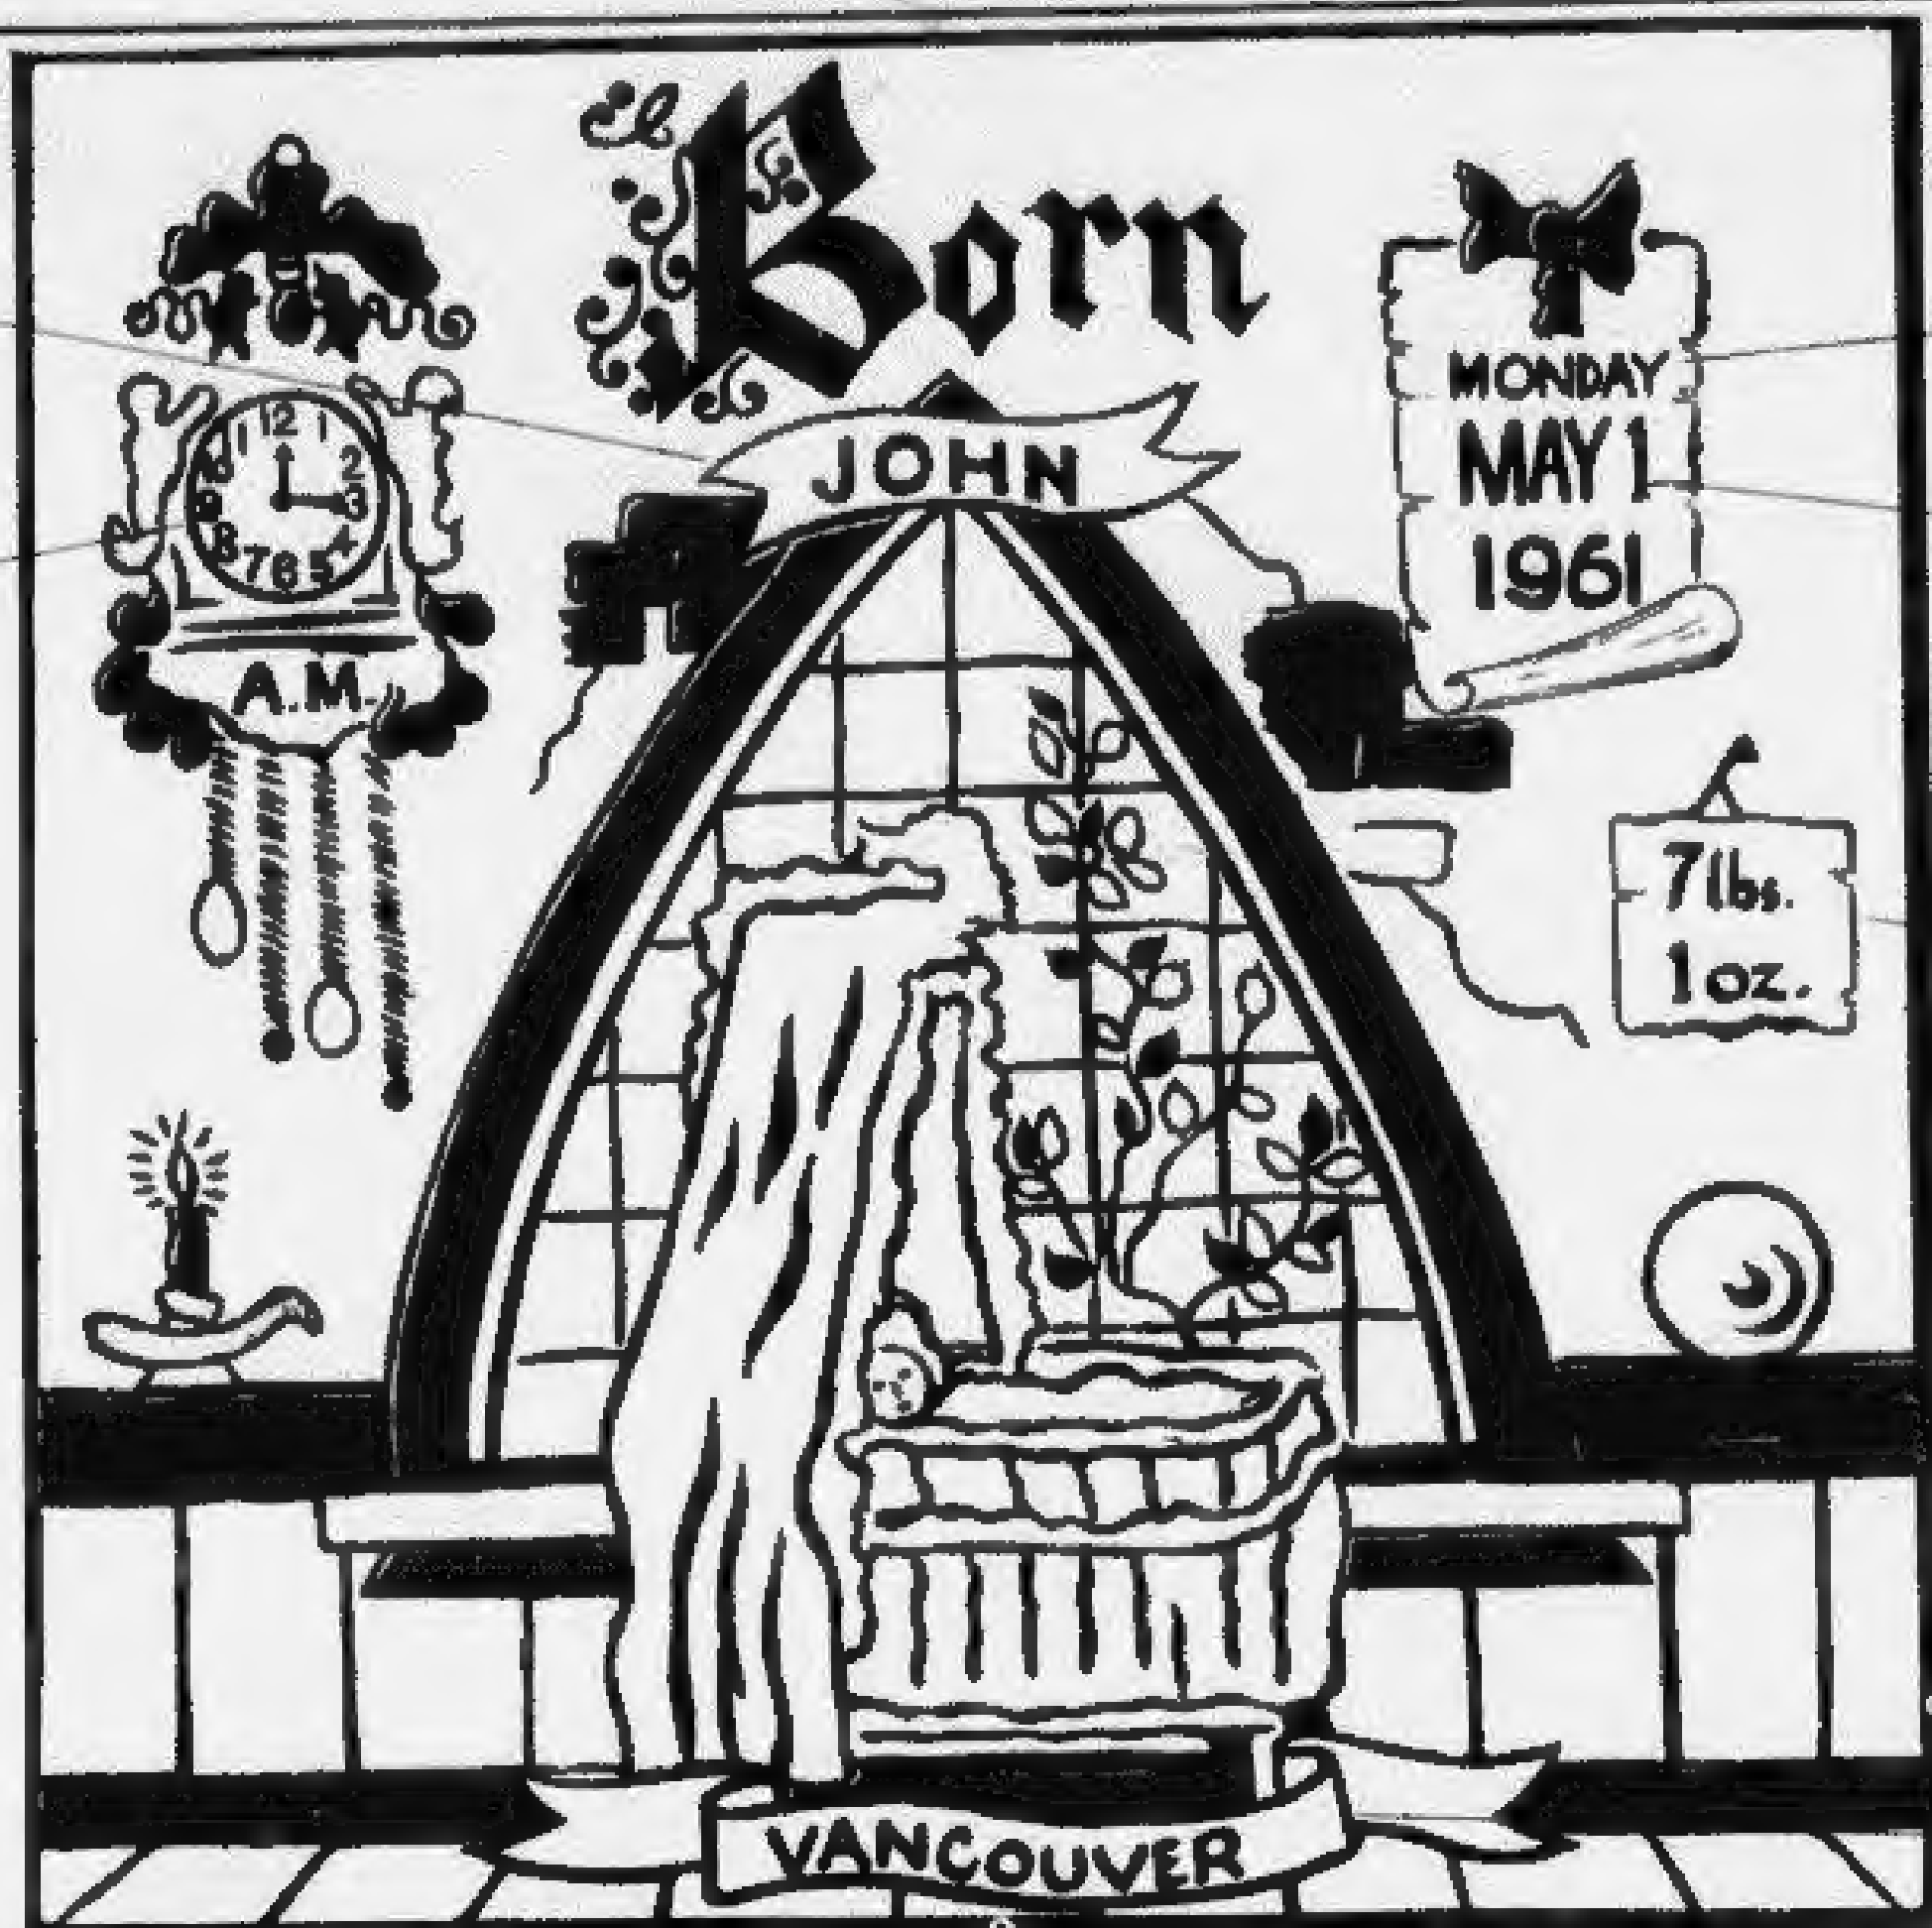

Southend, England. Derek Thomas Stone, 29 years of age, was jailed for two months recently for hitting Police Sgt. Edgar Morgan with a hot meat pie covered in sauce.

FIREMEN CALLED HAZARD

SHEPTON MALLETT, England. Residents filed a petition recently complaining about a traffic hazard that happens everytime the town siren blows. The hazard is volunteer firemen speeding to a fire.

PLACE
OF BIRTH

Do you know that your children, grand-children, would be so happy by having their own "BIRTHDAY-MEMORY-TILE" hanging on the wall of their room? It is a private possession of their own, which they will carry with them as they start their own family life!

This tile will solve your birthday gift problem for your younger relatives. Give them their own "BIRTHDAY MEMORY TILE." It is a gift that will last a lifetime.

YES "Happy Parents"

Here is your first life time present of real originality for your baby.

YES "Mom and Dad"

This is "the present" which each of your children will really be proud of.

YES "Grandma and Grandpa"

Surprise your grand-children on their birthday with their own birthday tile.

"BIRTHDAY MEMORY TILES" are all complete with **name, place, day, date, time and weight** of the child's birth.

The tiles are artistically designed, have beautiful bright colours, and are made from first quality deep glazed ceramic! **REMEMBER: It IS the life-time gift, beautiful and practical!**
